first ever FISE European Series
stop
MAY 3rd, 4th, 5th
FREE EVENT**

From the 3rd to 5th of May 2019, the Spanish capital will host the FISE European Series, a brand new multi-disciplinary series bringing action sports and adrenaline to cities around Europe.

In the Region of Madrid spectators can enjoy watching BMX Freestyle Park and Skateboard, two disciplines newly introduced to the Tokyo 2020 Olympic Program. As an extra incentive for the pro riders the Skateboard competitions will be part of the **Spanish National Tour organized by the RFEP.**

Alongside competitions for pro athletes we will also host amateur events, giving local riders the chance to enjoy the massive ramps built in the Wizink Center, a dream spot right downtown. In front of the stadium, on the Avenida Felipe II we will stage BMX Flatland demonstrations, and Skateboard initiations organized by local associations. This will give the spectators the opportunity to get the feeling for these sports, and hopefully create inspiration amongst the youth.

True to the spirit of FISE the event will be free to attend and everyone is welcome, you just need to download your free E-ticket.
