## **FISE MONTPELLIER 2022**

### **An exceptional anniversary edition**

#### **A CLIMATIC ENDING**

Sunday May 29th: last day for the FISE in Montpellier and everyone would like to make the pleasure last a little longer...

This FISE 2022 was an excellent vintage, with the special flavour of an anniversary edition which takes place after 2 years without any physical meeting.

Excellent vintage thanks to the weather conditions, particularly favourable this year, with a sun that did not leave the stage during the 5 days. But also, thanks to the sports performances offered by nearly 2000 international athletes gathered in Montpellier and to the atmosphere which raised the crowds this year more than ever.

## AND THE FIGURES CONFIRM THIS MASSIVE SUCCESS...

The 2022 edition has an exceptional attendance of 608,000 visitors, with a peak on the Thursday holiday (160,000 people). Montpellier is thus definitively positioned as the international capital of urban sports and FISE is still the third most popular French sports event after the Tour de France and the Vendée Globe.

It is difficult to summarize these 5 days in a few lines. If we had to retain only the strongest moments among the innumerable performances that took place during this Festival, here are those that would impose themselves to us.
