

# FISE WORLD SERIES 2019

**FISE World Series presented by Honor is an extreme sports tour that brings together the best Action Sports athletes on the planet to compete in different cities around the globe.**

This is the biggest and the best multi-disciplinary Action Sports series in the world. The selection of sports is huge, including BMX Freestyle Park and Flatland, Skateboard, Mountain Bike, Roller Freestyle, Wakeboard, Scooter, Parkour and a variety of others.

The tour welcomes all skill levels, last year more than 2,900 amateur and professional athletes from over 40 countries have taken part, resulting in dramatic displays of jaw dropping stunts, jumps and tricks. Every year the parks and ramps get bigger and bigger and the riders' level and the competition between them increases.

FISE has teamed up with several International Federations, so each stop will host their official World Cup! We have partnered with the UCI for the fourth year to bring spectators the UCI BMX Freestyle Park World Cup, alongside the second season for the UCI BMX Flatland World Cup. We continue to be the home of the FIG Parkour World Cup and WS Roller Freestyle Cup. The edition of these cups has raised the stakes for athletes even further and helped cement the tours position as the most anticipated competition for all Action Sports enthusiasts.

At each stage of the tour riders have the opportunity to win points, earn significant prize money and gain media exposure. Overall rankings are calculated at the end of tour determining the 2019 winners from each discipline (go to the 2018 Overall Rankings section to get more info).

## WORLDWIDE TOUR

FISE continues to offer spectacular events in popular locations around the world. The festival-like vibes and Action Sport filled days are what keeps people returning to our events.

This year we kick off the series in Hiroshima, Japan. The reception we received in Japan last year was truly amazing. The people and the rider's passion for sports is infectious and the atmosphere at this stop was electric. Next up we return to Montpellier for the biggest Action Sports event of the year. This stop is considered LEGENDARY and the most anticipated event amongst riders and fans. For the last stop of the season we will land the innovative district of Pidu in Chengdu, China. Riders and fans always go big at this final event and we will be sure to wrap up the season in style.

True to the spirit of FISE all events are free to attend and everyone is welcome.
