MORE ABOUT FISE MONTPELLIER

Created in 1997 by a student project, FISE Montpellier is now the 3rd French sports event after the Tour de France and the Vendée Globe. International and dedicated to Action Sports, the festival brings together over five days more than 600,000 spectators, 400 accredited journalists, and nearly 2,000 pros and amateur riders in a unique place in the city center. They enjoy Parks specifically designed for them to show their talents and achieve their best performances, which host competitions labeled by leading sports federations.

As one of the most awaited French events, it contributes to Montpellier's World recognition and inscribes it in the dynamics of development of these disciplines with the general public.
