

## **FISE Media Regulations**

This document sets out all the rules governing the activity of accredited media at FISE events or events organized by Hurricane Group. Before applying for accreditation, the applicant must read these rules and accept the terms. The FISE team reserves the right to modify this document at any time, without prior notice and with immediate application.

### **Application for accreditation**

For each FISE event, anyone wishing to obtain media accreditation for the upcoming event must fill out the accreditation request form in full and personally. Obtaining a media pass gives free access to the site for the duration of the event. Accreditation to the event may be suspended at any time for non-compliance with the rules.

The request for accreditation and the handing over of the Media Vest remains at the discretion of the press team which will give its final decision on the validity of the accreditation.

### **Use of photos/videos**

Photos and videos are for media use only. It is strictly forbidden to sell photos and videos for marketing purposes or to companies outside of Hurricane Group.

### **Authorized areas**

Media accreditation is strictly personal and cannot be transferred to another person.

Accredited media are provided with printed name accreditations. They give access to the site, to the Press Area and to the technical areas of the parks, but do not authorize access on the Parks or to access the VIP areas.

### **Contact**

For any questions or specific requests please contact Margaux Arranger at the following address: [margaux.a@hurcn.com](mailto:margaux.a@hurcn.com)
